

Low Country Riders

D, ACDFCD (Riff over a Dm chord) (4X)

Dm

On stage night after night
Playing to the crowds
Singing about our troubles
Things start getting loud

Gm

Knowing that tomorrow
We'll do it all again

Dm

Making joy from shadow
Just playin' in the band

CHORUS (2X)

Am

We're the low country riders

Gm

We'll come ridin' through your town

Dm

When the show is over
We pack up all our gear
Then head out where the action is
Nobody has a care

Gm

We have ourselves some cold ones
To drink the night away

Dm

Then head off onto the bus
For our show the next day

CHORUS (2X)

LEAD BREAK (1 Verse and Chorus)

Dm

We're on the road so damn long
To spread the funk around
We love to hear the people cheer
Dancin' round & round

Gm

When the last night rings out
And we soak up the applause

Dm

We go our separate ways
Until the label calls

CHORUS (2X)
