

Words and Music: Primeggia

Does He

C - Does he send you roses
Am
When you're feeling kinda blue
G Am
Does he write you love songs
To tell you how he feels for you
Does he whisper secrets
Oh so gently in your ear
Does he mouth the three words
That you've always longed to hear
D
I don't know the answer
F
Of these questions does he
D
But I can assure you
F - E-D C
That he would if you were with me

Does he take you places
Where you've never been before
Are his ways predictable
Does he leave you wanting more
Does he make you smile
With his unassuming ways
Does he make you wish that
You could have him every day

I don't know the answer
Of these questions does he
But I can assure you
That he would if you were with me

Does he light you candles
Before he takes you to his bed
Does he start to kiss you
And caress your tender head
Does he make you shiver
When he touches you down there
Does he make your planets move
Does he take away your cares

I don't know the answer
Of these questions does he
But I can assure you
That he would if you were with me
