

Hard to Understand

E riff

I felt it when I met you, it gets stronger every day
Your beauty clouds my vision, even on a sunny day

A riff

I want to have you near me, and squeeze and hold you tight

E riff

I know that you want to, everything's gonna be alright

B

But I know, yes I know that it's

A G E D E riff

Hard for you to understand

You can tell by my situation, I'm a complicated man
I write you my intentions, try to tell you who I am
But you won't know the answer, until you open wide
You'll get a revelation, when you feel me deep inside

But I know, yes I know

That it's hard for you to understand

LEAD BREAK

You say that there's another, and this just might be true
But I see you getting nervous, when I say that I love you
I know that I attract you, your feelings you can't hide
Come on drop your defenses, and lay down by my side

But I know, yes I know

That it's hard for you to understand

But I know, yes I know

That it's hard for you to understand

End on E riff
