

I Need a Miracle

E7

I need a woman 'bout twice my age
A lady of nobility, gentility and rage
Splendor in the dark, lightning on the draw
Go right through the book and break each and every law

A

E7

I got a feeling and it won't go away, oh no

B

Just one thing then I'll be okay

E7

I need a miracle every day

E7

I need a woman 'bout twice my height
Statuesque, raven dressed, a goddess of the night
Secret incantations, a candle turning blue
We'll consult the spirits, maybe they'll know what to do

A

E7

And it's real and it won't go away, hey hey

B

I can't get around and I can't run away

E7

I need a miracle every day

LEAD BREAK

E7

I need a woman 'bout twice my weight
A ton of fun who packs a gun with all her other freight
Find her in a sideshow, leave her in LA
Ride her like a surfer, riding on a tidal wave

A

E7

And it's real, believe what I say, yeah

B

Just one thing that I've got to say

E7

I need a miracle every day

B

It takes dynamite to get me up

E7

Too much of everything is just enough
One more thing that I got to say

E7

I need a miracle every day

G7

I need a miracle every day
I need a miracle every day
I need a miracle every day
I need a miracle, I need a miracle

G7

I need a miracle every day
I need a miracle every day
I need a miracle every day
I need a miracle, I need a miracle
