

**Let it Bleed** (capo on 3<sup>rd</sup> fret)

A                      D  
Well we all need someone to lean on  
E                      E7                      A  
And if you want it, well you can lean on me  
A                      D  
Well, we all need someone we can lean on  
E                      E7                      A  
And if you want it, well you can lean on me

[ Tab from: <http://www.guitaretab.com/r/rolling-stones/16371.html> ]

C#m                      D  
She said my breasts they will always be open  
E                      E7                      A  
Baby, you can rest your weary head on me  
C#m                      D  
And there will always be a space in my parking lot  
E                      E7  
When you need a little coke and sympathy

(Follow the same pattern through the rest of the song)

Yeah, we all need someone we can dream on  
And if you want it, well you can dream on me  
Yeah, we all need someone we can cream on  
And if you want to, well you can cream on me

I was dreaming of a steel guitar engagement  
When you drink my health in scented jasmine tea  
You knifed me in my dirty filthy basement  
With that jaded faded junky nurse  
Oh, what pleasant company

We all need someone we can feed on  
And if you want it, well you can feed on me  
Take my arm, take my leg  
Oh, baby, dont you take my head

We all need someone we can bleed on  
And if you want it, baby, well you can bleed on me  
We all need someone we can bleed on  
And if you want it, why dont you bleed on me

A  
Get it on, rider  
D  
Get it on, rider  
E  
Get it on, rider  
E7                      A  
You can bleed all over me
