

Live for Today

Forty something years ago

The Beatles wrote

F **G** **Am**
Tomorrow never knows

Am **G**
And I'm here today

To tell you how

The rest of the story goes

There was a man
Who lived his life
According to a master plan
He always looked ahead
Never thought
That soon he would end up dead

Live for today
You never know
When tomorrow will go away
Live for today
Live for today

SHORT LEAD

What would you do
If you found out that
Nobody loved you
Would you realize
That there are no
Guarantees in this life

Stop to smell the air
Enjoy every moment
Wash away all your cares
Give more than take
Slow down, relax
Take a much needed break

Live for today
You never know
If tomorrow will go away
Live for today
Live for today
