No More Faith

Frank starts alone

D Bm F#min
Every relationship is built on trust
D Bm F#min
Once it's gone there's no going back
G D
I thought our bond was built to last
Em Bm
But now it fades to black

Band comes in

I blame myself for being blind
I wanted what you offered too bad
Now I'm lost in a world unkind
Overwhelmingly sad, I have

G Bm Em
No more faith
D
You took that from me
G Bm Em
No more faith
D
I'm in the dark and cannot see
G Bm Em
No more faith
D
I was a fool to believe
G Bm Em
No more faith

Your reeled me in a long time ago
Telling me things too good to be true
Was it ever real? I need to know
Melancholy now only grows

CHORUS
LEAD BREAK (VERSE CHORDS)

You still act as if your words are real
I'm amazed at this world you've made
Another week goes by with no reveal
When do I pull the plug on this charade?

You've taken advantage of my soul
You sold me a bed of lies
I've put myself in a hole
Hoping you'll come through one last time

CHORUS 2X
Then LEAD BREAK in CHORUS CHORDS
