

Proving My Love

Am – C 3X G (Intro)

Am C Am C
What started out as a simple love affair

Am C G
Got clouded up with tension in the air

Am C Am C
You made me feel like I was number one

Am C G
I never thought it could ever come undone

Dm7 Em7 Fmaj7 Gmaj7
Can you see it, do you feel it, I've been doing it, I've been proving it

REPEAT INTRO

I gave you security and thought it was enough
Not understanding that you wanted something more
I needed to hear those words you said to me
It opened up my eyes so I can truly see

Dm7 Em7 Fmaj7 Gmaj7
Can you see it, do you feel it, I've been doing it, I've been proving it

Dm C G (4X) CHORUS

Proving my love
You got me proving it, got me proving my love

Instead of diamond rings and trinkets from the mall
I'll walk you through the park and have ourselves a ball
No need for fancy meals or a pricy getaway
I'll sit beside you as you talk about your day

Dm7 Em7 Fmaj7 Gmaj7
Can you feel it, do you see it, I've been doing it, I've been proving it

CHORUS

LEAD BREAK (Intro 2X)

I won't complain about the times you make me wait
I'll just be satisfied we're going on a date
You gave me everything, you made me a real man
Now it's my turn to do the best I can

Dm7 Em7 Fmaj7 Gmaj7
Can you see it, do you feel it, I've been doing it, I've been proving it

CHORUS
