

**Words and Music: Primeggia**

***Reminiscing***

**SOLO**

**Em7      Dm7**  
It happened all so fast  
But time was standing still  
I wanted it to last  
Until.....until

**SOLO**

Her eyes were filled with fire  
And her lips were glistening  
My heart raced with desire  
Right from the beginning

**F      C**  
Reminiscing  
Of us kissing (And now)  
Now I'm missing you (missing you)  
And reminiscing (missing you)  
Reminiscing

Bodies pressing close  
Under an October sky  
Two silhouettes below  
Heating up an autumn night  
I couldn't sleep at all  
I kept thinking of your embrace  
Staring at the walls  
Trying to visualize your face

Reminiscing  
Of us kissing (And now)  
Now I'm missing you (missing you)  
And reminiscing (missing you)  
Reminiscing

**SOLO**

Whatever happens now  
Only time can decide  
My feelings are aglow  
You make me believe

Reminiscing  
Of us kissing (And now)  
Now I'm missing you (missing you)  
And reminiscing (missing you)  
Reminiscing (missing you)  
Reminiscing (missing you)  
Reminiscing
