*See Me*

Phaser

**Jeff starts: Am – Dm**

**Am Dm**

Before you say "hello" to me  
And then you walk away.  
I want to know if you see  
The person in your way.  
Don't look at me dismissively  
And go on with your day  
So before you say "hello" to me  
I'm asking you see all of me.

**C F**

Look at me and  
See me  
Look at me and  
See me  
in a different way.

Step back and take a look at me  
See who I am today.  
Erase all of your memories  
I've changed in every way.  
Maybe you won't remember me  
But that will be okay  
Just take another look at me  
I'm not the one I used to be

Look at me and  
See me  
Look at me and  
See me  
in a different way.
