The Real Thing

C G
I came across a special girl
Am F
Who threw my head into a whirl
C G
And she, and she is all I see
Am F
It started out flirtatiously
C G
We hit it off so easily
Am F
And now I found she's what I need
Am G F Em
'Cause she...she is...she gives me what I need....indeed

She takes the time to steal a glance
She makes me want to take a chance
With my complicated life
Her kiss is soft and oh so sweet
Her personality's a treat
It feels, it feels just like a dream

'Cause she...she does...she makes me feel brand new....it's true

Another day passes by
I stopped asking myself why
She came, she came into my world
All I know is what I feel
It's the only thing that's real
To me now that she's my girl

'Cause she...she gives...she gives me everything....she's the real thing

She's the real thing
Yea, yea, she's the real thing
